### Who We Are...

Pegasus Peaks is the elite choice in carpet cleaning & floor cleaning throughout the greater Toronto area.

With over 15 years in professional cleaning experience, Pegasus Peaks provides quality, reliability and affordability to all of our customers. We have a dedicated team of trained professionals committed to providing quality service with excellent results.

### What We Do...

Our area of expertise stem from cleaning hallways & corridors of condominiums & apartments to cleaning the tile & grout of the main foyer areas of many different buildings.

### Who We Service

We service property managers, business owners, real estate agents, hotels, restaurants, banquet halls, commercial office properties and much more.

Maintaining a clean and healthy environment leads to a more productive workspace and comfortable living conditions.

Our goal is to help customers create customized maintenance programs on a monthly, quarterly or semi annual basis.

### Equipment We Use

Here at Pegasus Peaks we use the most advanced carpet cleaning extractors and floor machines in the marketplace.

**Having the right equipment to get the job done the right way is our primary focus.**

ESTEAM NINJA 150 PSI & 200 PSI Carpet cleaning machines

ROTOVAC 360i rotary jet vacuum for deep carpets and tiles

ADVANCE 17 inch floor machines for all types of hard surface floors

AIR MOVERS used to dry carpets & floors

### Supplies & Materials

Our technicians use the best quality cleaning solutions. We pretreat the carpets with a high traffic lane cleaner, then we use a low foam carpet cleaning detergent when extracting dirt from the carpets.

As for tiled floor, we use a combination of alkaline cleaners to penetrate all dirt and bacteria in between your grout lines to the top commercial sealers to enhance the life expectancy of the floors and carpets.

All our chemicals are WHMIS approved products and our technicians are IICRC certified.

Being properly certified and trained avoids improper use of chemicals and solutions.

Our everyday cleaning products are all labeled and include a MATERIAL SAFETY DATA SHEET, which will be provided upon request.

Using environmentally safe and healthy products is a priority to us and is very important to you, the customer.
